

2005-2008 Porsche 987.1 Boxster Front Radiator Grill Installation Procedure

i Note: it is best to protect your paint with painter's tape during the installation procedure. Though not necessary if care is taken.

Procedure

1. The installation of the 987.1 Porsche Boxster front radiator grill is very easy. Simply outline the radiator grill opening with painter's tape (optional) to protect the paint. Insert the grill into the cavity as shown.

2. Orient the grill and pull towards you, seating the grill in the cavity. Loop the cable ties and loosely secure. Once you are satisfied with the alignment, pull the cable ties taught.
3. Duplicate for the next side, taking care around the temperature sensor. Finished!!
 - a. Optional, you can use touch up paint to further hide the cable ties.
